Other conditions remain as the same.

his former undertakings has to be considered

10 If a paper mill is opened within the State it will consume all the available waste paper & rags & that aspect may also be considered

11 Meanwhile the Inspector of Forests has it seems to be consulted as was done on the former occasions

BR 11-10-15

11 The opinion of the Inspector of Forests should in my opinion be sought for on the present occasion. —

The present request is for the supply of waste paper free. The manufacturers in Bombay have prepared to pay a price (a reasonable price) to Mr Thangavelu Rao — Why should Govt forego the waste paper fee to Mr Sanjiva Rao? —

Contingency referred to in para 10 above is perhaps his remarks should be borne in mind upon consideration of the present —

We must first get some data

SUBJECT.

26/4

*Proceedings of the Government of His Highness the Maharaja of Mysore, General (Press), dated 19th May 1910.*

READ—

Letter dated 10th January 1910, from Mr. V. S. Sanjiva Rao, Representative of the *Hindu*, Bangalore, requesting permission to remove all waste papers that are now being destroyed in the various Departments of the State, at Rs. 5 per ton, and stating that they are required for a paper mill and that the Railway authorities have agreed to receive and book them to their destination.

2. Correspondence ending with letter No. 672, dated 7th February 1910, from the Superintendent, Government Press, stating that it has been the practice in the Press to burn what is technically known as waste paper (*i.e.*, cuttings, etc., from bindery and machine room) and to sell by auction superfluous Gazettes and other printed matter, and recommending that considering the rate offered is a fair one, the above may be sold and sent direct to the mills for being repulped.

3. Further correspondence on the subject ending with letter No. 836, dated 6th April 1910, from the same officer.

---

No. G. 6059-106—G. P. 18-09-5, DATED BANGALORE, 19TH MAY 1910.

ORDER THEREON.—Government are pleased to accord permission to Mr. V. S. Sanjiva Rao to remove waste paper belonging to the various Departments of the State, including the cuttings, etc., of the bindery and machine room in the Government Press and superfluous copies of the Gazette and other printed matter such as oversheets of Proceedings, unused papers returned from Departments, etc., referred to in the Superintendent's letter No. 836, dated 6th April 1910. Papers of the class described last will be torn up before delivery to the contractor, so that they may be sent direct to the mills to be repulped. The papers thus removed will be paid for at Rs. 5 a ton.

2. Mr. Sanjiva Rao will arrange for the supply of suitable bags for storing the paper and for their removal at frequent intervals at his own expense. Before removal the bags should be roughly weighed (or their railway weights accepted) and the weight intimated by the head of the office concerned to the Superintendent, Government Press, who will, at the end of each month, arrange for the cost of the papers removed during the month, being realised and credited into the State Huzur Treasury.

3. The above arrangement will be tried for a period of two years, at the expiration of which, the Superintendent, Government Press and Stationery, is requested to submit to Government a report as to its working.

4. The Superintendent is also requested to issue the needful instructions in the matter to heads of offices.
